1250 Litre Steel Bunded Imperium® Lube Oil Tank

Capacity	1250 Litre
Length	2000mm
Width	1250mm
Height	600mm
Weight	Dry (empty): 263kg Wet (full): 1333kg

General information

A 1250 litre steel bunded lube oil tank designed for the safe and efficient storage of lubricants in workshops, garages, and industrial facilities. Made with Imperium® Technology.

Imperium® Technology

Atlantis Tanks' own precision tank design combined with a highly-efficient manufacturing approach. The result is a well-engineered, durable and compliant lube oil storage solution. Patent Pending.

Suitable for

Lube oils, heating oil, HVO, diesel and other compatible liquids (please check before usage).

Tank Data

Outer tank dimensions:
(L) 2000mm x (W) 1250mm x (H) 600mm

Inner tank dimensions:
(L) 1870mm x (W) 1190mm x (H) 598mm

Brimful capacity: 1315 litres
Nominal capacity: 1249 litres
Usable capacity (c/w OPV): 1093 litres

Materials & Compliance

- ✓ Manufactured from structural steel grade S275 JR (BS EN10025-2:2004)
- ✓ Meets BS 799 pt5 standards for steel oil storage tanks
- ✓ Complies with the Control of Pollution (Oil Storage) (England) Regulations 2001 and devolved equivalents

Connections

- ✓ 1 x 1.5" bund socket
- ✓ 1 x 2" tank to bund vent
- ✓ 1 x 2" bund to atmosphere vent

On fittings plate:

- ✓ 1 x 2" fill point c/w drip cap & chain
- ✓ 2 x 2" tank sockets
- ✓ 1 x 1.5" tank socket
- ✓ 1 x 1" top suction drain port (internal suction pipe)

On tank front:

- ✓ Alarm Mounting Plate

Specification

- ✓ Removable fittings plate
- ✓ Full-length bearers for tank stability
- ✓ Hose reel and drip tray mounting plates fitted as relevant
- ✓ Lifting eyes for safe manoeuvring
- ✓ Small tin of "touch-up" paint supplied as standard
